

CSWC Operational Period Summary

1800 May 16 to 0600 May 17 2014

Cocos Fire - Coronado Hills Road in San Marcos – CBS8 San Diego

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

SITUATION SUMMARY

Governor Declares State of Emergency for the County of San Diego

On May 14, 2014, Governor Edmund G. Brown Jr. declared a State of Emergency in San Diego County due to the wildfires that have burned thousands of acres, destroyed homes and other structures, damaged critical infrastructure and caused the evacuation of thousands of residents.

Please click [here](#) to view the entire declaration and press release.

Fire Activity Southern California: As of 05/17/14, 0630 hours

San Diego County:

Cocos Fire - 2,520 acres, 50% contained

Bernardo Fire - 1,548 acres, 95% contained

Tomahawk Fire - 6,500 acres, 65% contained

Pulgas Fire - 15,000 acres, 40% contained

San Mateo Fire (Combat Fire) - 800 acres, 25% contained

Pointsettia Fire - 600 acres, 90% contained

SITUATION SUMMARY

Northern California

Modesto Grass Fire, Stanislaus County

Per media reports, at approximately 1800 hours on 05/16/14, a grass fire burned 20 acres from N. Carpenter Road to nearly Highway 99 in Modesto, Stanislaus County. The fire was contained within two hours but four townhouses and an RV were destroyed, and three other homes and three cars were damaged. In addition, one person was taken to a hospital due to smoke inhalation.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

An approaching upper level trough will bring cooler conditions this weekend with light rain chances for Sunday and Monday. Warmer and drier conditions will return next week as high pressure builds back in over northwest California.

San Francisco Weather:

A cooling trend will continue through the first half of the upcoming workweek as an upper level trough approaches the region. A gradual warming trend will then resume for the latter half of the week as an upper level ridge becomes established along the West Coast.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

The upper ridge will weaken as a trough of low pressure moves into the Pacific Northwest over the weekend. The resulting onshore flow will bring much cooler temperatures into next weekend. There will be a slight chance of showers and thunderstorms over much of Northern California Monday and Tuesday as the trough drops southeastward through the area. Clearing and a slow warming trend are expected for the middle and end of next week as high pressure rebuilds.

Hanford Weather:

A storm system will move in from the northwest this weekend and bring an increase in onshore flow with a day to day cooling trend through Monday. This system will move inland Monday night and Tuesday bringing a chance of showers to the High Sierra along with gusty winds in the Kern County Mountains and Desert. Afternoon temperatures will be cooler than normal early next week.

WEATHER SYNOPSIS BY REGION: (Cont.)

SOUTHERN CALIFORNIA:

Los Angeles Weather:

A significant cooling trend will continue into next week as a large upper level trough of low pressure moves into the area. A return of low clouds and fog are expected to begin for many coastal areas tonight then expand inland Sunday night through the end of next week. Temperatures will cool through Tuesday before rebounding a few degrees the rest of the week.

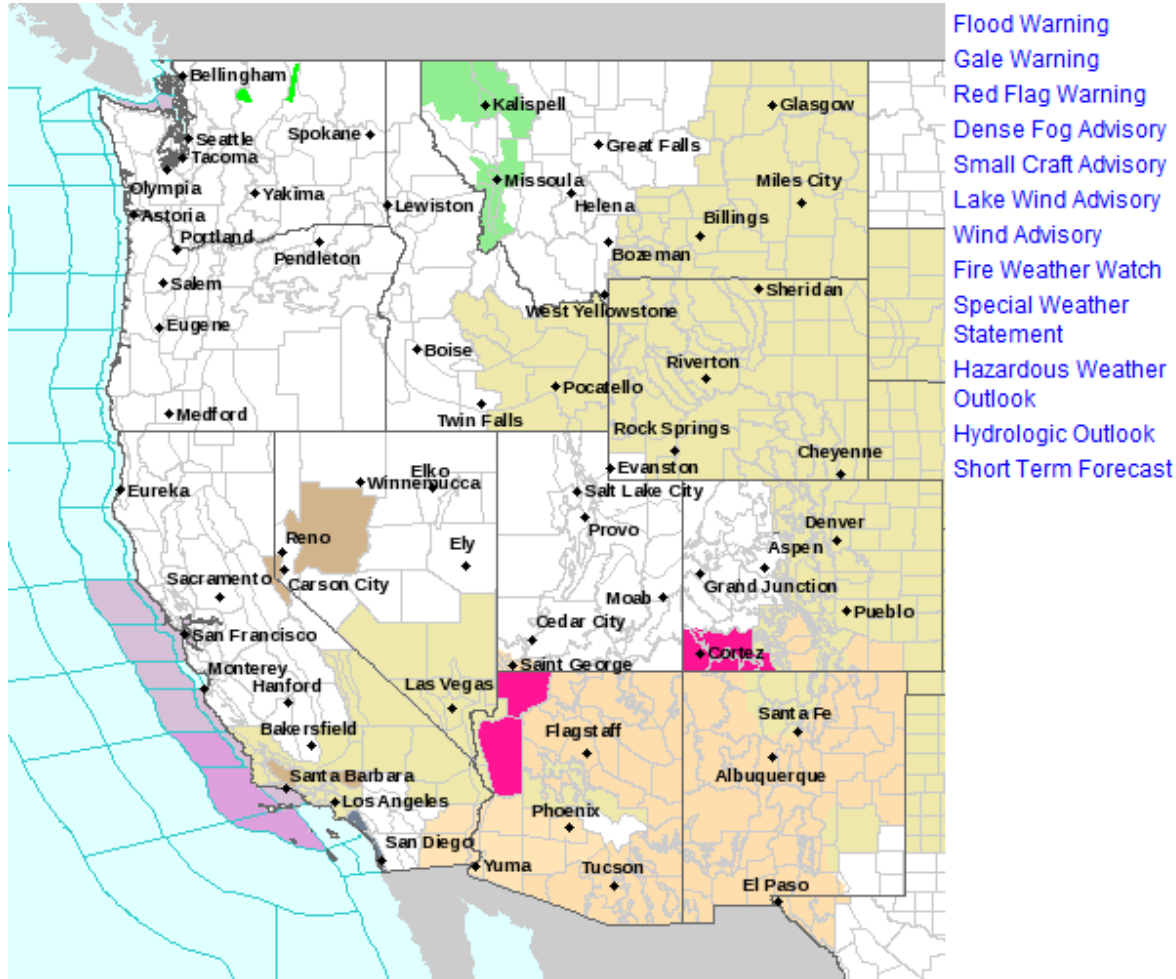

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

A return of the marine layer and increasing onshore flow will bring significant cooling and increasing humidities today. A low pressure system over the Gulf of Alaska will move slowly southward along the West Coast into California Tuesday and Wednesday, and then move slowly toward the southeast into next weekend. This will bring increasing onshore flow through early next week with a significant cooling trend spreading inland from the coast. Also, night and morning coastal low clouds and fog will spread farther inland, and there will be gusty winds in the mountains and deserts each late afternoon through late evening with the strongest winds on Sunday night.

Southeast California Weather:

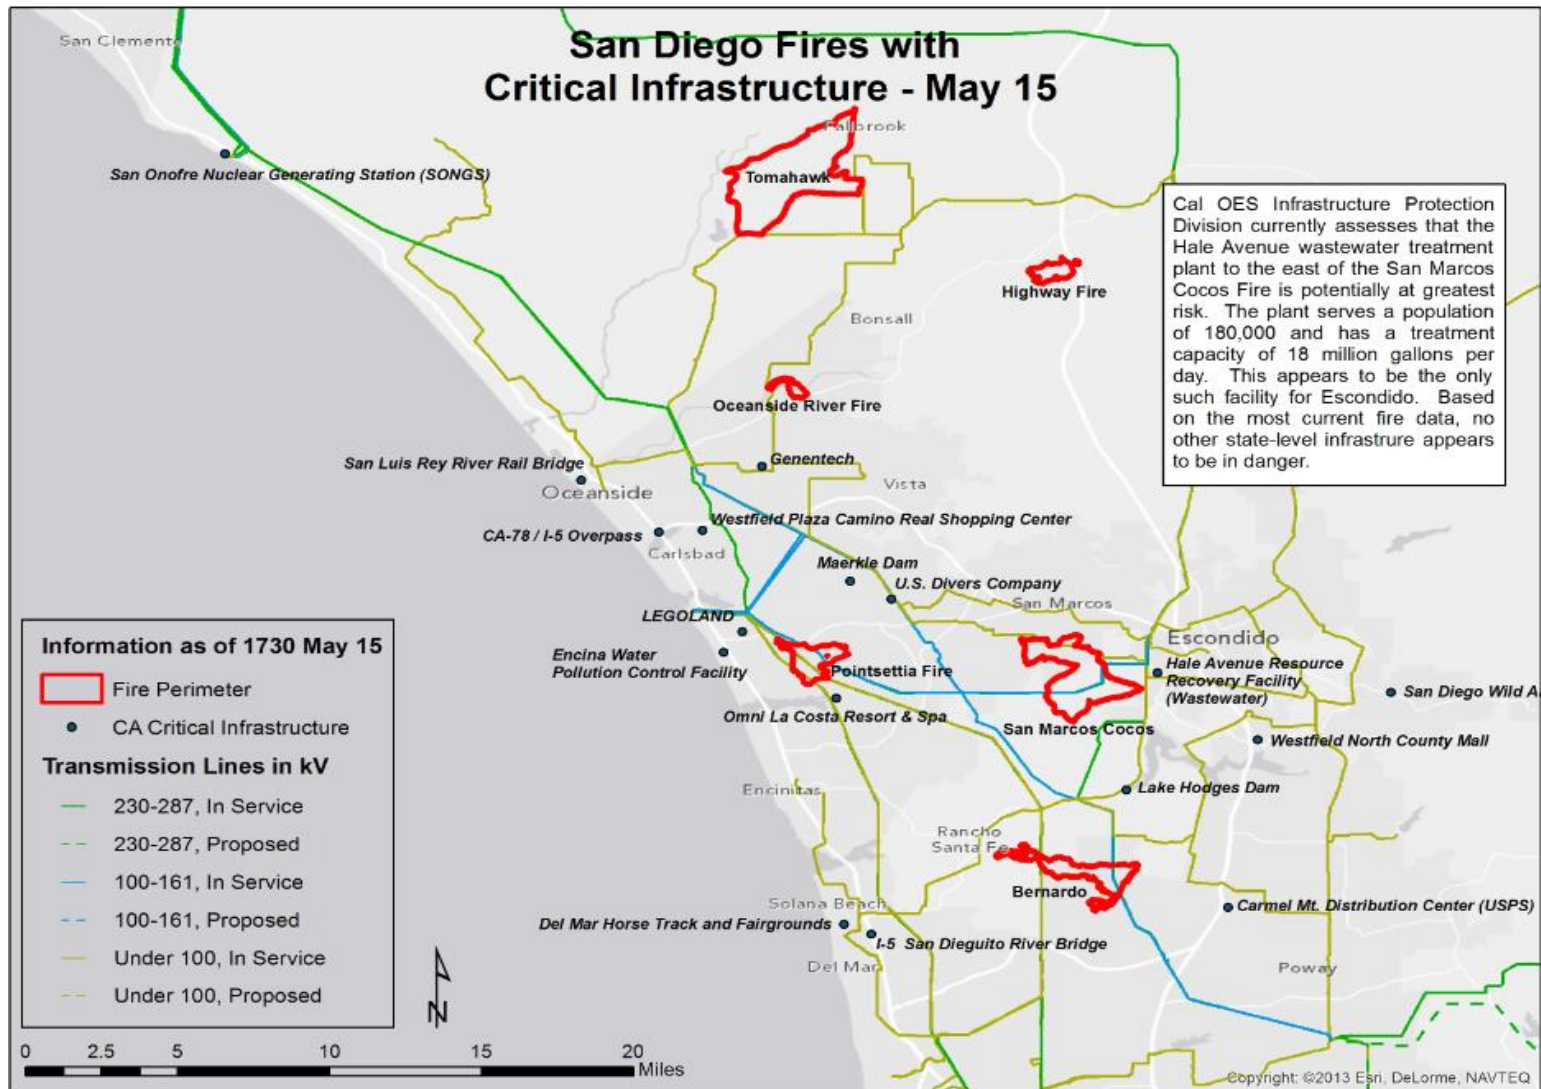

Desert temperatures will continue to climb above 100 degrees through Sunday as a strong high pressure system remains stationary over the area. However, an approaching dry cold front will lead to slightly cooler temperatures and windy conditions Monday and Tuesday. The coolest days will be Wednesday, Thursday, and Friday with below normal temperatures. Warmer weather is expected next weekend.

Northern California

Modesto Grass Fire, Stanislaus County

Per media reports, at approximately 1800 hours on 05/16/14, a grass fire burned 20 acres from N. Carpenter Road to nearly Highway 99 in Modesto, Stanislaus County. The fire was contained within two hours, four townhouses and an RV were destroyed, and three other homes and three cars were damaged. In addition, one person was taken to a hospital due to smoke inhalation.

FIRE ACTIVITY

Southern California

Cal OES Deployments

- Cal OES Law Deputy Chief is deployed to the San Diego DOC
- Cal OES Law Assistant Chief is deployed to the Southern REOC
- Cal OES Fire Division has assigned 2 Assistant Chiefs to the Cocos Fire
- Cal OES Recovery has sent David Gillings and Clyde Muroka to the San Diego EOC to assist until further notice
- PSCO has 7 technicians assigned to the San Diego Fires: 4-techs on Cocos Fire, and 3-techs on the San Diego Complex

Local Proclamations

- County of San Diego: Due to multiple wildfires burning throughout the County requesting a Governor's and Presidential concurrence
- Cal State University, San Marcos: Due to wildfires burning on and around campus. No requests for State Assistance
- City of Escondido: Due to wildfires burning in and around City. No requests for State Assistance
- City of Carlsbad: Due to wildfires burning in and around City. No requests for State Assistance
- City of Bernardo: Due to wildfires burning in Northeastern San Diego County. No requests for State Assistance
- City of Oceanside: Due to wildfires burning in and around the City. Requested a Gubernatorial and Presidential concurrence.

FIRE ACTIVITY

San Mateo Fire (Combat Fire), Talega Ridge, Marine Corps Base Camp Pendleton, San Diego County

Fire Information:

- Jurisdiction: FRA (MCP)
- Start Date/Time: 05/16/14 1209 hours
- Size: 800 acres, 25% contained
- Dangerous rate of spread
- Structures threatened
- Good progress was made on this fire and resources are being shifted to another fire on base
- The fire was renamed San Mateo Fire (Combat Fire). The fire was previously referred to as Talega Fire.

Evacuations:

- 7,500 people evacuated
- SDG&E confirmed that there are currently 1,258 customers without power in the Camp Pendleton area.

Shelters:

- ARC Orange County Chapter provided mutual aid and placed a temporary evacuation point at San Clemente High School located at 700 Avenida Pico, San Clemente, 92673. The shelter at San Clemente High School closed at 1930 hours on 05/16/17.

Activations:

- Orange County EOC deactivated at 1930 hours on 05/16/17. Orange County EOC was previously activated at Level II in support of the impacts of the fire.
- Cal OES SREOC has activated to Level 2

FIRE ACTIVITY

Poinsettia Fire, Carlsbad, San Diego County

Fire Information:

- Jurisdiction: LRA
- Size: 600 acres, 90% contained
- Acreage and containment numbers due to better mapping

Emergency Management:

- A Fire Management Assistance Grant (FMAG) has been received by Cal OES and has been approved. The FEMA FMAG number will follow

Evacuations

- All evacuation orders were cancelled on 05/15/14 at 1852 hours. Residents asked to use caution as they re-enter their neighborhoods due to police and fire personnel and equipment remaining in some areas.

Shelters

- La Costa Canyon High School (ARC), 1 Maverick Way, Carlsbad
 - On 05/16/14 at 1230 hours, the shelter at La Costa Canyon High School was closed
- Calavera Hills Community Park (City of Carlsbad), 2997 Glasgow Dr., Carlsbad
 - Shelter population at Calaveras Hills Community: 15

Activations

- Cal OES SREOC has activated to Level 2
- San Diego County activated their Emergency Operations Center (EOC) to Level 2.

Cal OES Deployments

- Cal OES Fire Assistant Chief assigned to incident.

FIRE ACTIVITY

Cocos Fire, San Diego County

Fire Information:

- Jurisdiction: LRA /SRA
- Size: 2,520 acres, 50% containment
- Continued structure threat
- Originated in LRA and moved to SRA
- Cal Fire in Unified Command with San Marcos FD, and North County FD

FMAG

- An FMAG has been received by Cal OES and has been approved by FEMA. A FEMA FMAG number will follow

Evacuations

- Evacuation advisories have been issued and are fluid at this time due to wind speed and direction changes.
- The City of San Marcos reports that evacuations have been lifted for approximately 3,000 residents.

Shelters

- A Red Cross shelter has been established at Mission Hills High School, 1 Mission Hills Court, San Marcos.
 - Shelter population is: [68 as of 05/16/14 at 2000 hours](#)
- A shelter has been opened at Escondido High School, 1535 N. Broadway, Escondido
 - Shelter population: [0, closed as of 05/16/14 at 1900 hours, will remain on stand-by status](#)
- Designated standby shelter: San Marcos Middle School, 650 W. Mission Road, San Marcos.

Activations

- Cal OES SREOC has activated to Level 2
- San Diego County and the City of San Marcos activated their Emergency Operations Center (EOC) to Level 2.

Cal OES Deployments

- 2 Cal OES Fire Assistance Chief's assigned

FIRE ACTIVITY

Bernardo Incident, San Diego County

Fire Information:

- Jurisdiction: LRA threatening SRA
- Size: 1548 acres, 95% contained
- Fuels: Grass and medium brush
- Structures threatened: 10
- No damaged or destroyed structures

Emergency Management:

- A Fire Management Assistance Grant (FMAG) has been received by Cal OES and is currently on hold as it does not meet the FMAG criteria

Evacuations

- San Diego County Sheriff has used Reverse 911 to notify 22,000 homes

Shelter

- The shelter at Torrey Pine High School has been closed

Activations

- Cal OES SREOC has activated to Level 2
- San Diego County activated their Emergency Operations Center (EOC) to Level 2

Cal OES Deployments

- Cal OES Fire Assistant Chief assigned to incident.

FIRE ACTIVITY

Tomahawk Fire, San Diego County

Fire Information:

- Jurisdiction: FRA
- Size: 6,500 acres, 65% containment
- Cal Fire is assisting
- Extreme fire behavior
- Expected date of containment is 5/21/14

Emergency Management:

Evacuations

- All evacuation orders were cancelled on 5/15/14 at 1848 hours

Shelter

- Temporary Evacuation Point has been closed

Activations

- Cal OES SREOC has activated to Level 2
- San Diego County activated their Emergency Operations Center (EOC) to Level 2

Cal OES Deployments

- Cal OES Fire Assistant Chief assigned to incident.

FIRE ACTIVITY

Pulgas Vegetation Fire, Oceanside, San Diego County

Location: Northbound I-5 at Las Pulgas Road, Oceanside, San Diego County, Jurisdiction: **FRA**

- Start Date/Time: 05/15/14 1445 hours
- 15,000 acres, 40% contained
- Moderate to dangerous rate of spread

Activations

- Cal OES SREOC has activated to Level 2
- San Diego County activated their Emergency Operations Center (EOC) to Level 2.

CAL OES DROUGHT ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

Cal EOC Incident – 2014 Drought

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

****As our state's rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly. This winter's below average rain and snowfall worsens conditions in this third straight dry year.***

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

Situational Summary (Cont.)

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- The most recent snowpack survey, conducted on April 1, recorded California snowpack at 32% of normal. A more recent update using automated devices shows snowpack at 19% of normal as of April 20.
- DWR has announced that water essential for health and safety will be delivered through the state water project in spite of the zero allocation policy. Deliveries will be boosted if storms produce enough rain and snow to increase reservoir storage and the snow pack.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2014-FIRE-3624** Four California National Guard (CNG) Type 1 helicopters with water dropping buckets and personnel transport capabilities have been assigned to assist in fire fighting efforts in Southern California. All other support, fuel tenders, personnel and materials associated in performing aerial firefighting operations, including: water dropping, transport supplies and fire crews from heli-base to the fire line are included with this mission.
- **2014-LAW-2798** El Dorado County is planning an in-county SAR exercise on 07/15/14 for their volunteers and have requested the assistance of the California National Guard (CNG) aviation assets to support the exercise. Elements of the exercise will include an orientation to the various CNG air assets (H-72, H60 and CH47), hoist training, patient packaging for air evacuation and ground team insertion and extraction training.

CAL OES MISSIONS

Ongoing Cal OES Missions (Cont.)

- **2014-LAW-2679** The 95th CST will provide Joint Hazard Assessment Team support in support of SFPD's Special Operations Bomb Squad at the 2014 Bay to Breakers Marathon. Radiation detection teams will survey background levels of radiation as part of the overall security plan. The 95th deployment will include advanced planning and pre-positioning prior to race day.
- **2014-LAW-2483** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the IRL Racing Event at Sonoma Raceway August 22-24, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2481** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NHRA Racing Event at Sonoma Raceway July 25-27, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2478** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NASCAR Racing Event at Sonoma Raceway June 20-22. They will assist with advanced planning and be pre-positioned prior to the start of the event.

UPCOMING EVENTS, TRAINING, EXERCISES

Diablo Canyon Power Plant Full Scale Exercise

Diablo Canyon Power Plant in San Luis Obispo will be hosting a full scale Hostile Action Based FEMA evaluated exercise on May 21, 2014. This is part of the required biennial demonstration of our ability to protect the public from a radiological incident at the nuclear power plant.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
